

# Caring for you in mind, body, and spirit

## Behavioral health services that fit your needs and your life

Your mind, body, and spirit are all connected. And your thoughts, feelings, and actions affect your overall well-being. That's why to help you achieve and maintain optimal mental, physical, and emotional health, Kaiser Permanente offers:

### Caring providers

**Our behavioral health team is passionate about helping people.** The team includes psychiatrists, psychologists, social workers, counselors, addiction medicine physicians, and more.

### Primary care settings

**You have a range of therapy and treatment choices.** As your partners in care, we'll help you select options that are right for you, from self-care resources to medication management.

### Outpatient services

**Not all care requires a stay in a facility.** We'll help you choose the outpatient options that best fit your needs.

### Intensive outpatient programs

**Some intensive care needs can be met on an outpatient basis.** That's why we offer outpatient case management, chemical dependency programs, and other intensive programs for adults or adolescents.

### Inpatient services

**When you need inpatient care, we'll help you find the right facility<sup>1</sup> and program for you.** We offer crisis evaluation and management, psychiatric hospitalization, and more.

### Suicide prevention

**Our behavioral health providers and primary care physicians are trained to screen patients for suicide risk.** And because we coordinate care so closely among our providers, we can quickly identify individuals at risk and get them the care they need right away.

### Beyond therapy, medication, and treatment

**Access classes and tools that can help keep your mind, body, and spirit in healthy balance.** Check out our online classes (some may require a fee) and communities, self-assessment tools, personalized plans, support groups, and podcasts.

### Care at your convenience

**Plan care around your life:**

- See a therapist without a referral. To schedule your initial consultation, call **866-530-8778 (TTY 711)**.
- Schedule a video visit<sup>2</sup>
- Call your doctor's office
- Get care advice 24/7, **800-777-7904 (TTY 711)**
- Seek emergency care
